

# **100kW collapsible container for Port Louis stadium**

## Overview

---

What is Stadium 974?

Stadium 974, a 40,000-seat stadium created by Spanish architects Fenwick Iribarren Architects and constructed from repurposed shipping containers and modular steel, has been completed in Doha. The construction, formerly known as the Ras Abu Aboud Stadium, will be the first entirely demountable stadium in World Cup history.

What happened to Qatar's New World Cup Stadium?

Qatar announced a stadium that will be taken apart and put back together somewhere else for the World Cup. Stadium 974, a 40,000-seat stadium created by Spanish architects Fenwick Iribarren Architects and constructed from repurposed shipping containers and modular steel, has been completed in Doha.

Is Qatar Stadium 974 a good example of Big Event sustainability?

Qatar has hailed Stadium 974 as a pioneering example of big event sustainability. The new stadium is rumored to be constructed primarily from recycled or recyclable materials and will be taken down and moved after the 2022 World Cup ends in December, when the stadium will no longer be required.

How many containers can a collapsecon hold?

COLLAPSECON's innovative and fully automated design allows up to 4 containers to be collapsed and combined, giving them a fully laden weight and enabling them to be transported anywhere on a ship. 1/6 COLLAPSECON collapses horizontally, ensuring the container maintains its structural rigidity in any form.
