

# **BESS Portable Power Supply Company of Ireland**

## Overview

---

Is ACEL energy launching a Bess project in Ireland?

ACEL Energy announce major BESS project in Ireland. ACEL Energy are thrilled to announce the launch of one of Ireland's largest C&I Battery Energy Storage Solutions (BESS), seamlessly integrated with on-site solar PV that enables businesses to generate energy on-site, store the energy and use it in times of high demands or peak rates.

What is the 'largest' battery energy storage facility in Ireland?

The Republic of Ireland has recently witnessed the official inauguration of the country's 'largest' grid-scale battery energy storage facility located at Poolbeg Energy Hub. The 75MW/ 150MWh BESS is aimed at enhancing the grid stability and deliver more renewable integration on Ireland's power network.

What is Bess & how does it work?

Said Barry Sherry, CEO. BESS allows the client to store low-cost solar energy and discharge it when the cost of electricity is expensive. In doing so, it allows businesses to avoid higher tariff charges, reduce operational costs and save on their electricity bills.

How good is Ireland's energy storage strategy?

Smith pointed out that Ireland's energy storage strategy, published in 2024, was "quite positive." A lot of high-level plans and a technology agnostic outlook. "Unfortunately, we haven't seen a lot of progress on those actions which is a problem we are trying to address," said Smith.
