

Budapest AEG Uninterruptible Power Supply

Overview

Who is AEG power solutions?

AEG Power Solutions has been selected to provide power supply solution for a 100 MW electrolysis plant in Germany. The plant will deliver around 9.000 tons of green hydrogen annually which will be used in steel production process. For decades, AEG Power Solutions has led the way in secure, resilient, and reliable UPS systems worldwide.

What is AEG industrial engineering?

AEG Industrial Engineering helps customers secure and control their power needs in all application and deployment areas.

Why do you need uninterruptible power supplies?

Our uninterruptible power supplies protect critical industries today and our electrical energy conversion systems are shaping a more secure and sustainable future. Our uninterruptible power solutions protect against mains power issues to ensure safe operation, protect people and reduce the risk of downtime and system failures.
