

# **Canadian genuine EK lithium iron phosphate solar container outdoor power**

## Overview

---

What is a Canadian Solar EP Cube battery?

Share it with your friends so they can enjoy it too! Enhance your energy independence with the Canadian Solar EP Cube Battery Module, available at Signature Solar. With capacities from 9.9kWh to 19.9kWh, these lithium iron phosphate batteries offer safety and durability, UL 9540A certified, and are easy to install.

Who makes CANBAT batteries?

Canbat is a Canadian battery company specializing in deep cycle and backup applications. Our line of products include sealed lead-acid (SLA), lithium iron phosphate (LiFePO<sub>4</sub>) and lead-carbon batteries. We also manufacture lithium battery chargers and power converters, primarily used in the RV market.

What is a lithium iron phosphate battery (LiFePO<sub>4</sub>)?

Lithium iron phosphate batteries (LiFePO<sub>4</sub>) promote an excellent battery life and enhanced safety performance. Lithium batteries have 10 times higher cycle life and are 60% lighter than lead-acid batteries. Canbat is Canada's #1 lithium battery company.

What kind of batteries are available in Canada?

Canadian battery supplier offering superior sealed lead-acid, lithium iron phosphate and lead carbon batteries. Battery experts specializing in energy solutions are available to help you find the best batteries for your project. State of the art battery equipment is used to manufacture batteries for consistent quality and fast production.
