

Canadian solar container energy storage system integration manufacturer

Overview

e-STORAGE is a subsidiary of Canadian Solar and a leading company specializing in designing, manufacturing, and integrating battery energy storage systems for utility-scale applications. e-STORAGE offers proprietary battery energy storage solutions, comprehensive EPC services, and innovative solutions aimed at improving grid operations. Is Canadian Solar a sustainable company?

2024 SUSTAINABILITY REPORT As a global leading renewable energy company, Canadian Solar aims to power the world with solar energy and to create a cleaner Earth for future generations. From 2017 to 2024, Canadian Solar achieved reductions in GHG emissions, energy, water, and waste intensities of 54%, 37%, 75%, and 53%, respectively.

Who is solar power & battery energy storage company?

It is a leading manufacturer of solar photovoltaic modules, provider of solar energy and battery energy storage solutions, and developer of utility-scale solar power and battery energy storage projects with a geographically diversified pipeline in various stages of development.

Is Canadian Solar a bankable company?

Canadian Solar is one of the most bankable companies in the solar and renewable energy industry, having been publicly listed on the NASDAQ since 2006. For additional information about the Company, follow Canadian Solar on LinkedIn or visit About e-STORAGE.

Who is Canadian Solar?

Over the past 23 years, Canadian Solar has successfully delivered over 133 GW of premium-quality, solar photovoltaic modules to customers across the world.
