At CapeTown.Solar, we specialize in empowering businesses throughout Cape Town and the Western Cape with reliable, scalable, and cost-effective commercial solar solutions.

Who is somewatt solar Cape Town?

Welcome to SomeWatt Solar Cape Town! We are a Cape Town based solar energy solutions company. Our individually tailored solar PV and battery backup systems designs turn roofs into reliable, renewable power sources. Harness the Cape Town sunshine and ditch load shedding with SomeWatt Solar.

How much does a solar system cost in Western Cape?

With Eskom's recent 15% tariff hike and load shedding still disrupting daily life, over 23,000 Western Cape homes installed solar systems last quarter alone. But how much should you actually expect to pay in 2025?

A typical 5kW system now costs between R120,000-R220,000 installed.

Why should you choose a solar aircon service in Cape Town?

Use clean, renewable energy that reduces your household or business's environmental impact. Solar installations make homes and commercial buildings more attractive to buyers and tenants — a smart long-term investment. Book your aircon service with Cape Climate today — the team Cape Town trusts to keep things running right.
