

# Chilean Communications Company's solar container communication station inverter

## Overview

---

Are Chinese solar power inverters connected to critical infrastructure grids?

U.S. energy officials have launched an investigation after discovering unauthorized communication equipment embedded within Chinese-manufactured solar power inverters connected to critical infrastructure grids across the country.

Are Chinese power inverters being used on solar panels?

U.S. officials have discovered undisclosed communication devices on Chinese-made power inverters that were being used on solar panels, Reuters reported today based on anonymous sources within the federal government. The inverters are devices separate from power sources like solar arrays or batteries.

Do solar inverters contain undocumented cellular radio devices?

These inverters, which are essential components that convert direct current from solar panels into alternating current usable by the electrical grid, were found to contain undocumented cellular radio devices not disclosed in product specifications or technical documentation.

Are Chinese-made solar inverters a 'rogue' communication device?

The issue could be important to facilities managers if they oversee on-site solar arrays or battery storage systems, with Chinese-made inverters on them, to provide energy resilience. Back view of solar panels with inverters. U.S. officials says some inverters from China have "rogue" communication devices on them. romaset via Getty Images

## Chilean Communications Company's solar container communication

---

Beware the "rogue communication devices"

May 15, 2025 · Reuters published a story yesterday that seems alarming on its face -- Chinese manufacturers may be putting secret communication devices in our solar inverters. Quoting ...

---

U.S. Authorities Investigate Communication Devices in Solar Power Inverters

May 15, 2025 · U.S. energy officials have intensified scrutiny of Chinese-manufactured components in renewable energy infrastructure after the identification of undocumented ...

---
