

# China solar power to battery in Kazakhstan

## Overview

---

Does China invest in New energy projects in Kazakhstan?

Nan Yi, chairman of the Chinese energy company, revealed that since 2015, the company has been investing in new energy projects in Kazakhstan, including photovoltaic and wind energy stations.

What is China Southern power grid doing with Kazakhstan?

China Southern Power Grid signed a memorandum with Kazakh partners to jointly develop projects in high-voltage direct current (HVDC) transmission, digital energy solutions, and pumped-hydro energy storage. Another memorandum with Huawei Kazakhstan outlined cooperation in digital transformation and cybersecurity across the energy sector.

What is China-Kazakhstan Green Energy Cooperation?

The Kapshagay photovoltaic power station, one of the largest single solar power projects in the Central Asian country, is a part of the China-Kazakhstan green energy cooperation initiative, jointly invested in and constructed by the Chinese company Universal Energy and Kazakh counterparts.

What is Kazakhstan's Energy Development Concept?

Bakhytzhan Ilyas, Kazakhstan's vice minister of energy, outlined the country's energy development concept. "Last year, the ministry approved a hydrogen energy development concept through 2035. The concept outlines the need to develop hydrogen production, storage, and transportation.
