

China thermal circuit breaker in Cebu

Overview

What type of circuit breaker does Etek offer?

ETEK Electric provides Thermal magnetic Fixed Type, Thermal and Magnetic Adjustable Type, Electronic adjustable type, and DC moulded case circuit breaker with a current rating of up to 2000A. Talk to Our Expert.

What are the different types of circuit breakers?

They come in various types and sizes to accommodate different voltage levels and current ratings, ranging from small residential circuit breakers to large industrial circuit breakers. Circuit Breaker prices vary depending on the brand and electrical current capacity.

What is a circuit breaker?

A Circuit Breaker is an electrical device made from materials such as metals, insulating materials, and other mechanical and electronic components for operation and tripping mechanisms.

How do circuit breakers work?

Circuit breakers cut off electricity during overloads or short circuits to prevent damage. Electrical boxes enclose and protect these components, while fuses melt to break the circuit in case of overloads. These components ensure safety and reliability in residential, commercial, and industrial settings.
