Compact power station factory in Norway

Overview

How many power plants are in Norway?

Norway has 306 utility-scale power plants in operation, with a total capacity of 32551.0 MW. Jossang krv. This data is a derivative set of data gathered by source mentioned below. Global Energy Observatory/Google/KTH Royal Institute of Technology in Stockholm/Enipedia/World Resources Institute/database.earth.

Will a hydro concession be granted to the Illvatn pumped storage power plant?

In April 2020, the Norwegian Ministry of Energy granted Hydro concession to develop the Illvatn pumped storage power plant. An application for a plan change is currently being processed by the Norwegian Water Resources and Energy Directorate (NVE).

Does hydro produce aluminium in Norway?

Hydro currently produces aluminium in Norway with a carbon footprint that is about 75 percent lower than the global average. The goal is to achieve zero-carbon aluminium by 2050. Hydro's Norwegian aluminium plants are mainly covered by long-term power contracts until 2030, but it is urgent to secure new contracts beyond this period.

How will Illvatn power plant work?

The power plant will pump water from the Fivlemyrane reservoir, located 1018 meters above sea level, to the Illvatn reservoir, located 1382 meters above sea level. Simultaneously, the reservoir capacity in Illvatn will be increased by constructing a new drainage tunnel that will lower the lowest regulated water level.

Compact power station factory in Norway

Norway plans SMR plant to power future data ...

Jan 8, 2025 · Norwegian utility Halden Kjernekraft is in talks to buy a plot of land for a power station made up of small modular reactors (SMRs). If it ...

Power Plants in Norway (Map) , database.earth

Data and information about power plants in Norway plotted on an interactive map.

Flateland small hydro plant opens in southern Norway

Sep 4, 2024 · The Flateland power plant adds to Suomen Voima's hydropower portfolio as the eighth operating small-scale hydropower plant the company owns in southern and western ...

Power plants

Get an overview of all Småkraft's power plants in Norway and Sweden. See power plants in the map or search in the list.

Hidden in Plain Sight: How Norway's Smaller ...

Enter Norway's smaller hydro power plants. In total, about 4,300 MW of capacity--around 13% of the country's installed capacity--is made up of ...

Alpha Energy's micro power plant delivers clean

Mar 27, 2023 · Alpha Energy's portable micro power plant provides green energy and clean drinking water to remote and rural areas. "We aim to promote heritage and the environment ...

Norway plans SMR plant to power future data centres

Jan 8, 2025 · Norwegian utility Halden Kjernekraft is in talks to buy a plot of land for a power station made up of small modular reactors (SMRs). If it goes ahead, it will be Norway's first ...

Oslo Three Peaks Energy Storage Power Station: Powering Norway...

Jun 22, 2024 · a mountain range near Oslo where three peaks aren't just scenic viewpoints, but giant energy storage power stations working like nature's own rechargeable batteries. The ...

Flateland small hydro plant opens in southern ...

Sep 4, 2024 · The Flateland power plant adds to Suomen Voima's hydropower portfolio as the eighth operating small-scale hydropower ...

Hydro investing in Illvatn pumped storage plant in Luster

Sep 25, 2024 · Hydro plans to build a new pumped storage power plant in Luster Municipality, Norway. With construction starting in 2025 and operations beginning in 2028/2029, the total ...

Hydro investing in Illvatn pumped storage ...

Sep 25, 2024 · Hydro plans to build a new pumped storage power plant in Luster Municipality, Norway. With construction starting in 2025 and ...

Hidden in Plain Sight: How Norway's Smaller Hydro Plants ...

Enter Norway's smaller hydro power plants. In total, about 4,300 MW of capacity--around 13% of the country's installed capacity--is made up of either small hydro facilities (below 10 MW) or ...

Norway to build first miniature seawater power station

May 15, 2025 · In a small factory in the southern Norwegian town of Hurum, Statkraft is planning to build a miniature osmotic power station capable of pumping out between two and four kWh ...

Alpha Energy's micro power plant delivers ...

Mar 27, 2023 · Alpha Energy's portable micro power plant provides green energy and clean drinking water to remote and rural areas. "We aim to ...

Småkraft AS

Småkraft offers risk-free collaboration on hydroelectric power, which provides a good extra income and also contributes to the green shift.
