

# **Construction of field energy storage project in the Democratic Republic of Congo**

## Overview

---

What is happening in the Republic of Congo?

As the Republic of Congo seeks to bolster its economic development, a series of transformative infrastructure projects are currently underway to address the country's growing energy and connectivity needs.

What can you expect at the Congo Energy & Investment Forum?

The refinery will produce gasoline, diesel, LPG, kerosene, lubricants and bitumen. Join us at the Congo Energy and Investment Forum, from March 24-26 in Brazzaville, to explore transformative opportunities, connect with industry leaders and drive the future of Congo's energy sector.

Will Russia join Congo's oil pipeline?

**Fuel Pipeline** The Congo is moving forward with plans to build a 1,200km oil pipeline connecting Pointe-Noire in the south to Ouessou in the north, aimed at addressing domestic petroleum shortages and improving distribution. In September 2024, Russia approved a draft agreement to join the project.
