

# Costa Rica refinery uses 50kW collapsible container

## Overview

---

Will a Limón oil refinery create jobs in Costa Rica?

President Rodrigo Chaves announced that there is substantial interest from multiple investors in establishing a oil refinery in Limón, with the aim of creating jobs in Costa Rica. The president emphasized that this initiative is among the 'major projects' underway for the Caribbean province.

Who leads the Costa Rican oil refinery (RECOPE)?

Juan Manuel Quesada, the head of the Costa Rican Oil Refinery (RECOPE), is leading the discussions. The negotiations and discussions are underway. He has spoken about expediting certain legal matters and won't proceed with a refinery if \$150 million of public funds result in nothing.

Does Costa Rica have a oil pipeline?

Costa Rica's state oil refinery Recope is owner of a 415-kilometer pipeline system stretching from the Caribbean port of Moín to Barranca on the Pacific coast. The system's main section is a 12-inch diameter, 176-kilometer multi-product pipeline that transports fuel from Limón to La Garita via El Alto.

How is oil used in Costa Rica?

Oil-based fuels power millions of automobiles, aircraft and ships around the world and are integral to modern life. But burning oil is also one of the leading sources of CO2 emissions.
