

# **Dutch solar container battery**

## Overview

---

Where is the Netherlands' largest stand-alone battery energy storage system located?

Dispatch, a Dutch battery developer, is going to construct the Netherlands' largest stand-alone Battery Energy Storage System (BESS). This groundbreaking 45MW/ 90MWh utility-scale BESS will be located in the port area of Dordrecht, on a 6000m<sup>2</sup> site and will be used for grid stabilization by storing excess energy from renewable sources.

Will Alfen deliver a 4 hour battery energy storage system in the Netherlands?

Almere, the Netherlands, 28 January 2025— Alfen, an energy solutions specialist in Europe, has signed an agreement with FlevoBESS to deliver a 31.6MW/126.4MWh battery energy storage system, one of the first large scale 4-hour systems in the Netherlands.

Where is a new energy grid located in the Netherlands?

Located near Dronten, in Flevoland, a central part of the Netherlands, the system will support the region's ambitious energy transition goals by stabilising the grid, enabling renewable integration, and preparing for future expansions to 204MWh by 2028.
