

LOTWA SYSTEM

Egypt Alexandria solar container battery Company

Overview

What is Egypt's first hybrid solar and battery project?

The project, billed as Egypt's first hybrid solar and battery project, will be built in two phases. The first will see 561 MW of solar constructed alongside 100 MW/200 MWh of battery storage, with a targeted date for commercial operation in the first half of next year.

What's going on with Egypt's solar project?

Work is underway on a 1.1 GW solar project with 100 MW/200 MWh of accompanying battery energy storage in Egypt. The first phase of the project is scheduled for commercial operation during the first half of next year.

How many MW solar & battery storage will be built in 2026?

The project will be constructed in two phases. The first phase of 561 MW solar + 100 MW/200 MWh battery storage is targeted to reach commercial operational date (COD) in the first half of 2026 and the second phase of 564 MW solar in the second half of 2026.
