

Energy Storage Product Quality Policy

Overview

What is the new-type energy storage manufacturing industry?

According to an action plan jointly issued by the Ministry of Industry and Information Technology and seven other government organs, the new-type energy storage manufacturing industry refers to the sector that produces energy storage, information processing, safety control, and other products related to new energy storage methods.

What is the implementation plan for the development of new energy storage?

In January 2022, the National Development and Reform Commission and the National Energy Administration jointly issued the Implementation Plan for the Development of New Energy Storage during the 14th Five-Year Plan Period, emphasizing the fundamental role of new energy storage technologies in a new power system.

Why are energy storage technologies important?

They are also strategically important for international competition. KPMG China and the Electric Transportation & Energy Storage Association of the China Electricity Council ('CEC') released the New Energy Storage Technologies Empower Energy Transition report at the 2023 China International Energy Storage Conference.

How will China promote the new-type energy storage manufacturing sector?

BEIJING, Feb. 17 -- Chinese authorities unveiled several measures on Monday to promote the new-type energy storage manufacturing sector, as part of efforts to accelerate the development of emerging industries and the country's modern industrial system.

Energy Storage Product Quality Policy

China's new energy storage industry: Challenges and policy ...

These recommendations aim to provide some insights into the high-quality development of the industry. Key words: new energy storage, high-quality development, safety standard, market ...

China issues action plan to promote manufacturing of new-type energy

On Feb. 10, 2025, China's Ministry of Industry and Information Technology and other seven central government departments jointly announced an action plan for sound development of ...

Energy Storage Policy and Regulation

Nov 18, 2025 · Conducted independent analysis on energy storage policy best practices, opportunities and barriers, including such topics as energy ...

China unveils measures to bolster new-type energy storage ...

Feb 17, 2025 · According to an action plan jointly issued by the Ministry of Industry and Information Technology and seven other government organs, the new-type energy storage ...

Quality Requirements for Battery Energy Storage ...

Jan 8, 2025 · Introduction The purpose of this quality requirements specification (QRS) is to specify quality management requirements and the proposed extent of purchaser intervention ...

New Energy Storage Technologies Empower Energy ...

Nov 15, 2025 · KPMG China and the Electric Transportation & Energy Storage Association of the China Electricity Council ('CEC') released the New Energy Storage Technologies Empower ...

Energy Storage Quality Control , Applus+

Dec 6, 2025 · Energy storage quality assurance and quality control (QA/QC) services ensure the reliability, safety, and long-term performance of battery energy storage systems (BESS). They ...

2025 New Energy Storage: Policy Supports Long

Jun 19, 2025 · On February 27, the National Energy Administration released the "2025 Energy Work Guidance" to outline the year's energy work roadmap and boost the new energy storage ...

Energy Storage Policy and Regulation

Nov 18, 2025 · Conducted independent analysis on energy storage policy best practices, opportunities and barriers, including such topics as energy storage benefit-cost analysis, ...

Eight departments issue documents to promote high-quality ...

Feb 18, 2025 · An action plan is issued, aiming to build a growth engine such as new

generation information technology and new energy, and promote the high-quality development of new ...

Action Plan for the High-Quality Development of the New Energy Storage

Feb 20, 2025 · The Action Plan emphasizes addressing multi-dimensional safety technologies throughout the entire lifecycle and encourages new energy storage to participate in the ...
