

Fixed type of folding container for steel plants

Overview

What is a foldable steel storage container?

Foldable steel storage containers come in three lengths, each with a standard width of 2.1m. The smallest size is compact enough to be used as a garden shed, even in a small back garden in the most restricted of spaces. These products are also modular, so you can expand on storage space at any time by joining three units together.

What is a collapsible steel container?

Collapsible steel containers are storage solutions made of steel that can be collapsed. They protect products during storage and transit, increase storage density, and save floor space. Steel bulk containers are ideal for storing heavy-duty materials and can take a beating.

Are foldable steel storage containers safe?

As well as being highly flexible, foldable steel storage containers are also very secure. They are made from galvanised steel which means they are theft and vandal proof.

What is a steel bulk container?

Steel bulk containers are large, heavy-duty containers made of steel. They are ideal for storing heavy materials and can save you space by stacking. Collapsible steel containers are also cost-effective due to their ability to save money on return shipments.
