

# **France Lyon Mobile Energy Storage Vehicle Wholesale**

## Overview

---

Who is elecsys France?

ElecSys France is an electric and electronic design lab specialized in energy storage solutions for electric and hybrid motorboats, yachts, vans and concepts cars.

Why should you choose elecsys France?

ElecSys France's long life and high reliable batteries can also be used as a power backup solution especially for Telecom and Data Centres and as a stationary energy storage solution in Solar, Wind and Grid energy applications.

What is the energy storage industry?

Energy Storage forms part of the Energy industry, which is the 14th most popular industry and market group. If you're interested in the Energy market, also check out the top Energy & Cleantech, Renewable Energy, Recycling, Oil & Gas or Energy Efficiency companies. All-in-one AI-powered energy solution for reliable operations.

How does elecsys France work?

ElecSys France's high power Li-ion batteries consist of an assembly of single cells and each battery pack includes a Battery Management with Interface (BMI) developed completely by ElecSys France, which is supervising the battery operation and monitoring battery parameters via the CAN Bus interfaces.
