# Freetown Home Energy Storage Company

## Overview

---

What is the Freen energy storage solution?

Save on energy costs with intelligent energy management, seamless renewable integration, and reliable power storage. The Freen Energy Storage Solution introduces the 7.5 kWh and 10 kWh Sodium Battery Pack with integrated Battery Management System (BMS) to deliver consistent energy supply and independence, even during grid outages.

Does the Freen home energy storage system work with small wind turbines?

The Freen Home Energy Storage System is designed to work seamlessly with the company's signature small wind turbines. Freen is renowned for its Darrieus-type vertical small wind turbines, featuring soft blade designs with near-frictionless architecture, low noise emissions, and strong performance.

What are energy storage solutions?

The energy storage solutions — safe batteries for homes, businesses, and hybrid renewable systems. Save on energy costs with intelligent energy management, seamless renewable integration, and reliable power storage.

What does a Freen battery do?

And Freen, with its factory in Estonia, is becoming a superb example of European potential! But concretely, what does this Freen battery do?

The Freen battery has a capacity of 10 kWh — which is more than enough for typical domestic use. To give you an idea, this is about what a well-insulated home consumes on a normal day with basic appliances.
