

# Green Power Energy Storage Inverter Company

## Overview

---

Green Power Technology Co., Ltd. (GP), founded in 2013 and headquartered in China, is a leading High-Tech enterprise focusing on energy storage solutions. Who is Green Power?

Green Power is a global provider of solar PV, energy management and e-mobility solutions. They are a value-added partner (VAP) of Huawei and Aiko Energy, and a leader in Europe and Africa.

How many kW does a solar inverter cover?

Our solar inverters cover a power range of 0.75 ~ 230 kW. MOKOEnergy's Solar and Energy Storage solution can be applied to various scenarios, including residential, commercial, microgrids, and portable power stations. Our smart energy solutions include BMS, EV charging station and IoT-based energy monitoring products.

Where is GreenPower located?

GreenPower is located at Building D2, No. 6000 Shenzhuan Road, Songjiang District, Shanghai, China. They focus on power station, lithium solar battery, energy storage system, and provide standardized & customized products and solutions.

Who is MAX Solar inverter?

Max. The company specializes in energy storage solutions, offering a range of energy storage inverters from 3 to 30 kW, backed by 20 years of expertise in solar inverter development and manufacturing.
