

Huawei Bucharest Battery Energy Storage Plant

Overview

How much storage capacity will Romania have in 2025?

This single project will double Romania's current installed storage capacity of 398.8 MWh, a figure that comes from transmission system operator Transelectrica, and mentioned by Romania's energy minister Sebastian Burduja in April, 2025.

What is Romania's largest battery project?

Leading the development is Nova Power & Gas, part of the Romanian E-Infra Group, which has unveiled plans for the nation's largest battery project to date. The company will build a 400 MWh facility in Floreşti, Cluj county, which is expected to be operational by the end of 2025.

What is Romania's energy storage requirement?

Minister of Energy Sebastian Burduja reportedly declared at a conference that Romania's storage requirement is 4,000MWh, and that half would be covered by BESS and half by pumped hydro energy storage (PHES) technology.

Does Romania have a double taxation of stored electricity?

Romania's National Energy Regulatory Authority (ANRE) recently eliminated the double taxation of stored electricity. The new rules exempt electricity stored and then reinjected into the grid from several tariffs, removing a significant financial barrier for investors.

Huawei Bucharest Battery Energy Storage Plant

Nova Power & Gas to install 200 MW BESS in Romania

Jul 24, 2025 · Apart from the BESS, Nova Power & Gas said it is starting to build a 150 MW gas-fired power plant in Câmpia Turzii, with the first phase set to come online by December 2026. ...

Nova Power & Gas confirms investment in the largest battery storage

Bucharest, July 22, 2025 - Nova Power & Gas, a Romanian energy company and part of the E-INFRA Group, announces the launch of the largest battery energy storage project in Romania. ...

Huawei Energy Storage

Apr 23, 2025 · Huawei Energy Storage - Powering a Smooth Renewable Energy Transition in Romania Vlad Doicaru April the 15th, 2025 Background: Carbon neutrality has become a ...

Energy storage breakthrough Romania

204MW BESS project planned in Romania with Huawei technology Minister of Energy Sebastian Burduja signing 24 financing contracts for self-consumption solar and storage projects, worth ...
