Huawei Kazakhstan Almaty Wind and Solar Energy Storage Project

Overview

Which Chinese companies invest in solar & wind power plants in Kazakhstan?

The most significant Chinese investments, amounting to hundreds of millions of dollars, are being made in the construction of solar and wind power plants in Kazakhstan. Chinese companies such as Universal Energy, Risen Energy and State Power Investment Corp, have become major investors in solar and wind power plants in the country.

What does abilgaziev think of the future of Kazakhstan?

Abilgaziev said he was impressed when the first turbine of the town's 100-megawatt wind power project arrived, with the 60-meter-long blades covering an area as big as the London Eye observation wheel. He said he believes the future of his hometown and Kazakhstan lies in clean energy, especially in wind energy.

Which Chinese companies are investing in solar and wind power plants?

Chinese companies such as Universal Energy, Risen Energy and State Power Investment Corp, have become major investors in solar and wind power plants in the country. For Maksat Abilgaziev, such cooperation has changed his life.

Are China and Kazakhstan cooperating?

Since the establishment of diplomatic ties in 1992, China and Kazakhstan have agreed to support their economic entities by carrying out several energy cooperation projects, said Usen Suleimen, a senior Kazakh diplomat.
