

Indonesia Silent Container Generator Factory

Overview

Does Tradecorp Indonesia offer a silent-type generator set container?

Tradecorp Indonesia offers a silent-type generator set container as a reliable backup power solution that remains easily portable. Tradecorp's generator set container complies with ISO standards and is available in 20ft or 40ft container sizes.

What is a generator set container?

The generator set containers offer optimal protection for generator engines against extreme weather conditions, dust, and other potential hazards. The robust construction of the containers also enhances security, helping to prevent theft and unauthorized access. Generator set containers are designed for quick and hassle-free installation.

What size generator set container does Tradecorp offer?

Tradecorp's generator set container complies with ISO standards and is available in 20ft or 40ft container sizes. The unit is easy to relocate thanks to corner castings and forklift pockets, which allow for the use of cranes or forklifts, making it a sturdy, corrosion-resistant, and functionally optimal choice.

What are the different types of industrial generator set units?

Industrial generator set units are available in several types: the open type, which lacks a protective casing or enclosure; the silent type, which can be equipped with a protective casing or enclosure; and the mobile type, which features a casing or enclosure with wheels for easy mobility.
