Industrial switchgear factory in Colombia

Overview

What is msgair switchgear?

An error occurred while retrieving sharing information. Please try again later. The MSGair switchgear is a medium voltage, metal enclosed, air-insulated device that is easy to install, maintain, and operate. It has a modular design, can be expanded from both sides, and is optimized for industrial and utility applications.

How to promote Colombian agriculture?

Currently, we want to promote Colombian agriculture through the manufacture of products that contain natural compounds. We take advantage of waste such as vegetable oil to manufacture two products, likewise, we market essential oils obtained from aromatic plants present in Colombian biodiversity.
