## Overview

---

What is a glass sunroom?

A glass sunroom is your outdoor space which is completely covered with glass to keep you safe around and nothing can disturb you and let you enjoy all seasons the whole year-round. If you're confused about selecting the right sunroom for your home, let's get straight into it! Know The Types of Sunrooms First!.

Why do you need a glass sunroom?

When the idea of having an outdoor dinner sounds crazy because of brutal weather outside. A glass sunroom is your outdoor space which is completely covered with glass to keep you safe around and nothing can disturb you and let you enjoy all seasons the whole year-round.

How do I choose the best glass for my sunroom?

Where you choose to build your sunroom will also help determine which type of glass makes the most sense for your unique project. While sunroom location and type are very important, the safety of the glass is also a necessary consideration. Make sure that you ask for tempered glass.

Should you build a sunroom with floor-to-ceiling glass?

To maximize a great outdoor view from your home, a sunroom with floor-to-ceiling glass, also called a solarium, could be the right choice for you. This special sunroom has wall-to-wall glass as well as a glass roof. Where you choose to build your sunroom will also help determine which type of glass makes the most sense for your unique project.
