

Kuala Lumpur Foldable Container 60kWh

Overview

Can Malaysia build a folding container house?

Malaysia has accepted the concept of folding container houses. The Malaysian government supports alternative housing solutions, including folding container houses. Through K-HOME's completed projects in Malaysia, this support has a very good feedback on the temporary construction field of folding container houses in Malaysia.

Are foldable container homes a cost-effective alternative in Malaysia?

The foldable nature and modular design are easy to disassemble and relocate, which means you can reuse it in your project, further enhancing its environmental friendliness. In a country where housing costs are relatively high, foldable container homes are a cost-effective alternative in Malaysia.
