

Kuwait Power Base Station Announcement

Overview

KUWAIT CITY, Nov 13: Dr. Mahmoud Boushehri, Kuwait's Minister of Electricity, Water, and Renewable Energy, signed a contract on Tuesday with Alghanim International Company to expand the Al-Subiya Power Plant, increasing its production capacity by 250 megawatts (MW). Will Kuwait expand the Sabiya combined cycle power plant?

Kuwait's Ministry of Electricity, Water, and Renewable Energy (MEW) has announced plans to expand the Sabiya Combined Cycle Power Plant by adding 900 megawatts (MW) of gas turbine capacity.

Are electrical power stations available in Kuwait?

This paper has presented a detailed analysis of capacity and availability of electrical power stations in Kuwait. The analysis show that as Kuwait population has increased over the past 34 years by more than 3 times, the demand for power consumption has increased by almost 7 times.

How much does a gas turbine expansion project cost in Kuwait?

The expansion project, estimated to cost around 257 million Kuwaiti dinars (\$848 million), will involve the supply, installation, and operation of gas turbines at the Sabiya station in South Kuwait. The project is expected to be completed within 36 months, according to a statement from the ministry.

How long will a power and water station last in Kuwait?

These will extend the lifetime of the power and water station to up to 20 years to ensure efficient, safe and reliable power generation in Kuwait.
