# Local BESS for solar container outdoor power in Ireland

## Overview

---

Is ACEL energy launching a Bess project in Ireland?

ACEL Energy announce major BESS project in Ireland. ACEL Energy are thrilled to announce the launch of one of Ireland's largest C&I Battery Energy Storage Solutions (BESS), seamlessly integrated with on-site solar PV that enables businesses to generate energy on-site, store the energy and use it in times of high demands or peak rates.

Where is Ireland's First 4-hour grid-scale battery energy storage system being built?

Construction is underway by Statkraft at Ireland's first 4-hour grid-scale battery energy storage system (BESS) in County Offaly, in Ireland's midlands. The 20MW, 4-hour BESS solution is supplied by a global market leader in utility-scale energy storage solutions and services, Fluence.

Does SSE have a battery storage system in Ireland?

SSE has grown its secured battery energy storage system (BESS) pipeline in Ireland to 300MW with the acquisition of the 120MW/240MWh Thornsberry BESS project near Tullamore, County Offaly. Pictured is the company's 50MW battery storage facility in Wiltshire, England.

Will a battery energy storage system be built in County Offaly?

Co. Offaly, 6th November 2024: SSE has acquired the project development rights for a 120MW/240MWh grid-scale battery energy storage system (BESS) project in County Offaly from UK-based renewable energy company Low Carbon which, if approved for final delivery, could be constructed and operational by the end of the decade.
