

# **Low-pressure folding container for drilling sites**

## Overview

---

What are intelligent pressurized containers?

At the heart of our offering are the intelligent pressurized containers, engineered to perfection to cater to the unique needs of each client. Featuring sophisticated HVAC and power control systems, these containers are constructed to ensure a secure and conducive environment for both personnel and equipment.

Why should you choose TLS intelligent pressurized containers?

For offshore oil and gas operations seeking reliable and efficient energy storage solutions, TLS intelligent pressurized containers are the answer. Our focus on advanced safety features, seamless integration capabilities, and compliance with industry-leading certifications provides you with the assurance and peace of mind you need.

Who is TLS offshore containers?

Discover the future of offshore energy storage with TLS Offshore Containers, your premier partner for intelligent pressurized containers. Tailored to the rigorous demands of offshore operations, our cutting-edge solutions are meticulously designed to offer unmatched safety and efficiency.

What do you need to know about a supplied offshore container?

Supplied offshore containers are marked for offshore use and complete with full material trace report, load test and NDT Certificates, and DNV 2.7.1 certification/EN 12079. Approval by Lloyd's, DNV-GL, BV, etc. (As required) Factory acceptance test and pre-commissioning for all electrical and instrumentation.
