

# **Middle East Power Base Station Project Bidding**

## Overview

---

How many MW & MWh will be distributed in Saudi Arabia?

The total capacity of 2,000 MW/8,000 MWh will be distributed across four locations in Saudi Arabia. The BESS projects will be developed in key regions across the kingdom: In December 2024, SPPC announced the list of qualified bidders. The bid submission deadline is set for 2 June 2025.

What is MEP Middle East?

MEP Middle East is a monthly magazine that delivers news, data, analysis and strategic insights for the region's mechanical, electrical and plumbing (MEP) contractors, as well as those specifying the MEP components needed for new developments. Potable water scheme can diversify agriculture in Oman's wilayat of Qurayat.

When will EWEC receive bids?

Ewec expects to receive bids by the fourth quarter of 2024. The planned facility is expected to provide up to 800 megawatt-hours (MWh) of storage capacity.

Can Saudi Arabia generate 50% of its electricity from renewable sources?

As part of Saudi Arabia's Vision 2030, the country aims to generate 50% of its electricity from renewable sources. The shift towards solar, wind, and other renewable energy technologies is a key part of this strategy. To date, over 10,100 MWac of solar PV and wind projects have already been tendered on a competitive basis.
