

# Myanmar Distributed solar Inverter

## Overview

---

Is there a solar power system in Myanmar?

In Myanmar, there are solar-powered battery charging stations, solar lighting, solar home systems, and village solar minigrids. However, there is no data available on their overall capacity and extent.

What types of solar inverters are available at Fortis Myanmar Technology?

Explore our diverse range of solar inverters, including Off-Grid, On-Grid, and Hybrid options, featuring renowned brands like Growatt, Solaredge, and Huawei. At Fortis Myanmar Technology, safety is our top priority. Our engineers undergo rigorous training to ensure that each solar installation adheres to the highest safety standards.

What is Myanmar's Solar potential?

In the short- to medium-term, off-grid solar home systems and mini-grid solar / solar/hybrid projects aim to connect households in remote locations where the costs of grid access are prohibitively expensive. The Asian Development Bank estimates Myanmar's potential solar resource at 27 GW. To date, very little of this potential has been realised.

Who is Myanmar Padauk Power?

Myanmar Padauk Power started its operation in the year 2008 under the name Myanmar Padauk Trading Company Limited, with the prime business activities of electrical transmission lines solutions.
