

Namibia Vanua Energy Storage Project

Overview

What's new at totalenergies' Venus Project offshore Namibia?

TotalEnergies has unveiled the full technical details of its challenging ultra-deep water Venus project offshore Namibia, including the design specifications of its big floating production, storage and offloading vessel and equally impressive subsea system.

How much will a Venus ultra-deepwater project cost Namibia?

Source: Business Express Namibia In a significant development for Namibia's burgeoning oil and gas sector, TotalEnergies has unveiled the staggering scale of its Venus ultra-deepwater project, which is expected to generate subsea contracts worth more than \$2.5 billion (about N\$45 billion).

Is the Venus Project a potential economic powerhouse for Namibia?

The Venus project is not just a technical marvel; it is also a potential economic powerhouse for Namibia. The N\$45 billion in subsea contracts alone is expected to create significant opportunities for local and international companies, fostering job creation and skills development in the region.

Could a FPSO vessel be used for Venus development offshore Namibia?

Source: Upstream A lead contender has emerged to provide a floating production, storage and offloading (FPSO) vessel for TotalEnergies' ultra-deepwater Venus development offshore Namibia.

Namibia Vanua Energy Storage Project

Namibia , Green Hydrogen Organisation

Policy Spotlight Green hydrogen bidding: In 2021, the Namibian government (through the public intermediary Green Hydrogen Namibia and with ...

Namibia's Energy Storage Breakthrough: The 54MW BESS Project ...

Namibia's just made a game-changing move. In December 2023, the country signed contracts for its first utility-scale battery energy storage system (BESS) - a 54MW/54MWh project at ...

Renewable Energy in Namibia: Challenges ...

Jan 22, 2025 · Namibia is emerging as a leader in renewable energy in Africa, leveraging its abundant natural resources to transition to cleaner, ...

TotalEnergies eyes issuing N\$45 billion ...

Apr 3, 2025 · Source: Business Express Namibia In a significant development for Namibia's burgeoning oil and gas sector, TotalEnergies ...

TotalEnergies unveils groundbreaking design for Venus ...

Apr 4, 2025 · TotalEnergies has revealed comprehensive technical details for its ambitious Venus project offshore Namibia, showcasing the cutting-edge engineering behind its colossal floating ...

TotalEnergies decides oil and gas capacity of first Namibia ...

Oct 4, 2024 · TotalEnergies decides oil and gas capacity of first Namibia FPSO - hints at possible talks on fiscal terms Venus floating production, storage and offloading vessel will be required ...

Namibia receives first shipment for pioneering battery energy storage

WINDHOEK, Oct. 15 (Xinhua) -- Namibia has received the first shipment of equipment for its 51-megawatt (MW) Omburu Battery Energy Storage System (BESS) project, the country's first ...

\$10 Million AfDB Grant to Accelerate Namibia's Large-Scale ...

1 day ago · The African Development Bank's Board of Directors has approved a \$10 million loan to Hyphen Hydrogen Energy, a Namibian green hydrogen company, to support a green ...

TotalEnergies reveals big scale of Venus project's subsea ...

Mar 19, 2025 · TotalEnergies has fired up the environmental approval process on its huge Venus oil project offshore Namibia, making public for possibly the first time the potential scale of the ...
