

New Zealand Solar System Suppliers

Overview

Who are NZ solar installers?

Trusted by NZ installers. We supply premium solar panels, inverters, batteries, cables, and mounting systems — all in stock locally for fast delivery. Our global brand partnerships mean proven performance and reliability. Expect sharp pricing, responsive service, and tech you can trust — so your installs are faster, easier, and more profitable.

Who are Solar Partners NZ?

By continuing to browse the site, you are agreeing to our use of cookies. Solar Partners NZ are the only authorised distributor of Enphase products in NZ. We're a premier solar system wholesaler, trainer & business support hub.

Do solar panels work in New Zealand?

Absolutely! New Zealand has abundant sunshine and generates between 1,700 and 2,100 sunshine hours annually. Some areas, like Nelson and Gisborne, receive as much as 2,400. Solar Panels don't require sunshine; they require daylight, so Solar Panels work year-round, even in the lower South Island.

Can you finance a solar system in New Zealand?

You can power your home with a solar system today and pay it off over time—with finance rates as low as 0-1%. We work with leading finance partners, including Gem Visa, Q-Mastercard, and Purple Visa. These options enable you to get started immediately. Solar loans are available through major New Zealand banks like Westpac and BNZ.
