

Outdoor power supplies are available in the United States

Overview

Who uses outdoor power equipment?

Outdoor power equipment is commonly used by do-it-yourself (DIY) enthusiasts and homeowners for residential purposes. End users such as lawn & plant care providers and landscape service providers use outdoor power equipment for commercial purposes, with the most widely used equipment being the lawn mower.

Who makes outdoor power equipment?

The U.S. market for outdoor power equipment is populated with several global and country manufacturers, leading to a high frequency of product launches. For instance, in February 2023, Ariens, a brand of AriensCo, launched the RAZOR walk-behind mower.

What are the different types of outdoor power equipment?

There is a significant demand for different types of outdoor power equipment such as lawn mowers, chainsaws, and blowers among the U.S. population, due to which companies are increasingly focusing on launching advanced products in the market.

Which country has the largest outdoor power equipment market in 2023?

The U.S. accounted for 25.33% of the revenue share in the global outdoor power equipment market in 2023. The country is witnessing a shift towards greener and more efficient offerings to comply with government regulations and lower the emissions caused by conventional gas-powered equipment.
