# Outdoor solar light monitoring integrated

## Overview

---

What is a solar street light with CCTV camera?

The Sun Star Series Solar Street Light with CCTV Camera Solar-Get provides an integrated solar street light monitoring system with 4G solar security cameras integrated in the solar street light to ensure safe walking or movement on roads/highways or public areas.

Why do people use solar street lights?

Solar street lights are becoming more and more famous in many areas to minimize electrical load. Finally, people are also drawn to solar powered Wi-Fi cameras. Do you want to know the working principle of solar street light with monitoring equipment?

Where is the data collected by a solar street light camera stored?

The data collected by the camera also can be stored in the SD card or cloud. Solar-powered street lights with WIFI /4G cameras are the newest development of the solar street light system. How can we retrieve the pictures and videos remotely through our APP /PC?

1.

Is Hei solar a self-powered CCTV system?

Self-powered. HeiSolar's SOLAR CCTV Lighting system is an ideal solution for Parking Lots, Street Lighting, Highway Lighting, Security Perimeter Lighting, Hospital Lighting, Bridge Lighting, Airport Lighting, Industrial Lighting & practically everywhere, provides a wireless surveillance system combined with outdoor lighting alongside security.
