

# **Palau Smart Photovoltaic Energy Storage Container 15kW**

## Overview

---

Who is launching Palau's first solar PV + battery energy storage system?

Alternergy Holdings Corp. and its subsidiary Solar Pacific Energy Corporation have inaugurated Palau's first solar PV + battery energy storage system (BESS) project, marking a significant milestone in the region.

What is a solar PV project in Palau?

With a capacity of 15.3 MWp solar PV and 12.9 MWh BESS, the project supports Palau's goal of achieving a 45% renewable energy share by 2025. The project's total investment of USD 29 million contributes to Palau's energy independence, clean power generation, carbon emissions reduction, and local employment opportunities.

How many people benefited from Palau solar PV & Bess project?

"The project provided employment to about 300 people during construction," he said. The Palau Solar PV + BESS project, with a capacity of 15.3 MWp solar PV and 12.9 MWh BESS, is one of the biggest foreign direct investments in the country with a total project cost of USD29 million.

Is solar a key energy resource for Micronesia?

The Palau Solar PV + BESS project recently hosted a delegation from the Micronesia nations to look at solar as the main energy resource. "The Pacific Island nations are most vulnerable to climate change. Renewable energy will play a key role to help address this," he said.

## Palau Smart Photovoltaic Energy Storage Container 15kW
