

# Polish solar container battery assembly manufacturer

## Overview

---

Why is Poland a key player in the battery industry?

Poland has become a key player in the global battery industry, becoming the country with highest battery production in Europe. As the demand for lithium-ion batteries is getting higher over time, Poland has positioned itself as a major production hub for sustainable energy solutions in the world.

Which company is a beneficiary of the energy transformation in Poland?

The company is a beneficiary of the current and the planned energy transformation in Poland by 2050. ONDE holds an over 50% share in the wind farm construction market and a 10% share in construction of photovoltaic farms in Poland.

Who is Solartech?

SOLARTECH is one of the key players in the Polish EPC market. The company implements photovoltaic parks and energy storage projects on behalf of the largest investors in the renewable energy market. Since 2023 it has been actively investing in the photovoltaic and energy storage markets in Poland and Lithuania.

Who makes lithium ion batteries?

Enchem is a South Korean battery company specializing in lithium-ion battery production. They also manufacture electrolytes and high-purity solvents, which is an important material needed for lithium-ion batteries.
