

# Price of solar container energy storage system in Canberra

## Overview

---

How much does a solar system cost in Canberra?

Solar Choice regularly publishes articles with indicative pricing for PV systems in Australia's capital cities (including Canberra) in our Solar Choice Price Index. Based on the price index data from March 2025, we can see that in Canberra a typical 6 kw solar system would cost \$5,420 on average after deducting the STC rebate and including GST.

What is a solar powered shipping container?

At SCS Australia, we create solar powered shipping containers that combine renewable energy technology with the strength and mobility of a shipping container. These self-sufficient units are ideal for powering off-grid operations, mobile businesses, events, and remote projects—all while reducing carbon footprint and cutting energy costs.

What is a solar container build?

It's a modified shipping container built to house solar panels, batteries, inverters, and other off-grid power systems. These units are ideal for powering remote sites, construction camps, emergency setups, or as a portable backup energy system. What's included in a solar container build?

Why should you choose sigenergy battery storage in Canberra?

Sigenergy battery storage in Canberra provides reliable whole-home backup and smart energy management, helping you use more of your solar.
