San Diego solar Power Generation and Energy Storage Equipment

Overview

Who is solar energy San Diego?

At Solar Energy San Diego, we're driven by a vision of a cleaner, greener San Diego powered by the sun's endless energy. Founded in 2009 by a group of renewable energy advocates, our mission is to harness the abundant sunshine of our region to provide sustainable, cost-effective solar energy solutions to homes and businesses alike.

Why should you choose solar energy in San Diego?

In the heart of San Diego, we're turning abundant sunshine into clean, renewable energy for a brighter tomorrow. Our cutting-edge solar solutions not only power your home and business with green energy but also contribute to a sustainable community and a healthier planet. Get a free quote.

What does SDG&E do?

SDG&E is an innovative energy delivery company that provides clean, safe and reliable energy to better the lives of the people it serves in San Diego and southern Orange counties.

How much battery storage does SDG&E have?

SDG&E's utility-owned battery storage portfolio is expected to reach nearly 480 MW of power capacity and over 1.9 GWh of energy storage by year-end, including the Westside Canal expansion and two additional projects in San Diego County currently being constructed.
