

Saudi Arabia solar container communication station wind and solar complementary construction plan

Overview

How many solar projects will Saudi Arabia invest in?

This agreement covers seven large-scale projects: five solar photovoltaic plants and two wind power facilities, distributed across key regions in the Kingdom. The total investment is estimated at \$8.3 billion (over SAR 31 billion), aiming to deliver 15,000 MW of renewable energy —12,000 MW from solar and 3,000 MW from wind.

Does Saudi Arabia have a wind farm?

Furthermore, Saudi Arabia is currently engaged in wind power initiatives as part of its efforts to broaden its renewable energy portfolio. The Dumat Al Jandal wind project, considered the country's first utility-scale wind farm, is anticipated to possess a planned capacity of 400 MW.

Who has signed a power purchase agreement with Saudi Aramco?

ACWA Power, the Water and Electricity Holding Company (Badeel), and Saudi Aramco Power Company (SAPCO) have signed Power Purchase Agreements with the Saudi Power Procurement Company (SPPC), according to the Associated Press.

When did Saudi Arabia launch Vision 2030?

Saudi Arabia launched Vision 2030 in 2016, which aims to diversify the economy and reduce dependence on oil revenues.
