Are used shipping containers being used as school premises?

In many rural locations, especially in the African nations, used shipping containers are being used as school premises. The school curriculums are always being updated and the need for additional classrooms and laboratories are on the rise.

Can you use shipping containers for classrooms?

Using shipping containers for classrooms has the same benefits as building them from scratch using regular materials. You will receive a fully protected area that can be modified to suit your needs. Creating computer labs, a classroom, or a recreational space — shipping containers are suitable for any purpose.

Why do schools use shipping containers?

The school curriculums are always being updated and the need for additional classrooms and laboratories are on the rise. Shipping containers are often used as storerooms for school supplies and furniture whenever the building undergoes a renovation. Some innovative schools also use them as an extension to existing brick-and-mortar buildings.
