

# **Single-phase Solar Container Bidding Quotation**

## Overview

---

What is a solar quotation system?

The solar quotation system includes a straightforward customer relationship management (CRM) system that perfectly meets the needs of solar panel companies. Overbuilt systems can often complicate the process rather than streamline it.

What is a solar system Quote format?

This can be in the form of a per-watt price, a total project cost, or some other pricing metric by the solar company or solar installer. A solar system quotation format is a template that can be used by solar companies to generate quotes for their customers.

What is a solar quotation form?

Solar Quotation Form: This form enables gathering essential data from clients about their solar system needs. It is fully customizable using a user-friendly drag-and-drop editor. Simple Solar CRM: Once client information is submitted through the quotation form, it is integrated into the Solar CRM system.

Why do solar companies need a proposal & quoting software?

Solar companies need to provide their customer with a detailed quotation that includes all aspects of their project in order for their customer to make an informed decision. A solar proposal and quoting software helps you create quotes with the right formatting in just few minutes, making sure you land the sale!
