

# **Solar container lithium battery pack 148v**

## Overview

---

Why should you choose eel battery 48V pack?

□Choose Your Own Cells□EEL battery 48V pack has exceptional quality since you are able to choose what battery cells should be used in your system, more stable performance & greater power. Highest-level safety based on testing for the system, and built-in BMS to protect it from overcharge, over-discharge, high-low temperature, short circuits.

What is LZY solar storage?

LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

Does BMS support a 48V 16S 150A battery system?

Our default BMS supports a 48V 16S 150A battery system, we also provide 100A or 200A versions, if your inverter is 5kW, you can choose 100A, if the inverter is 8kw, you can choose 150A, but if it is above 10kw, you may need 200A version.
