

# **Solar glass projects under construction in Austria**

## Overview

---

Is Austria poised for a significant transformation in solar energy?

Austria's solar energy sector is poised for a significant transformation as the government updates its subsidy guidelines to incentivize more power purchase agreements (PPAs) for solar photovoltaic (PV) projects.

Who is constructing Austria's largest ground-mounted PV power plant Klagenfurt?

Austria's largest ground-mounted PV power plant in Klagenfurt is being constructed by KPV Solar. September 9th, 2020 saw the ceremonial commissioning of the installation, attended by Governor Peter Kaiser and Provincial Councilor Sara Schaar.

Who built Austria's largest solar thermal plant?

Austria's largest solar thermal plant, covering an area of 5,700 square meters, was built by KPV Solar. The plant was recently opened by Climate Protection Minister Leonore Gewessler and Governor Peter Kaiser.

Why is Austria boosting its solar power capacity?

Moreover, the maximum subsidy for electrical storage systems has been raised from €25,000 to €50,000, reflecting a commitment to bolstering the infrastructure necessary for sustainable energy storage. Austria's solar power capacity has been on a steady upward trajectory, buoyed by supportive government policies and declining technology costs.
