

# Solar inverter surplus

## Overview

---

What is surplus solar products?

Surplus Solar Products | Buyer and seller of new and used solar energy products. Our inventory is constantly changing and contains both new and used solar panels. Much of our inventory can be purchased by the panel or pallet. We ship solar panels across the US and around the world.

Does surplus solar offer inventory pricing?

Inventory pricing is not listed and will be provided by request. LOC. At Surplus Solar Products Inc. we purchase both new and used surplus solar energy material then match that material with you. Our stock is constantly changing, but frequently includes solar electric panels in a broad range of wattages, frame sizes and colors.

How much does a solar inverter cost?

For an average-sized installation, inverters typically range between \$1000 and \$1500. That cost can go up quickly though as the installation gets bigger. Each year, the National Renewable Energy Lab performs a cost benchmark of the solar industry, looking at average installation costs, inverter and panel costs, and a host of other related topics.

Where to buy solar inverter?

Inverter.com online store provides a complete range of solar inverters for your photovoltaic system including on grid inverter (grid tie inverter), off grid inverter, micro inverter and solar pump inverter with lower cost. Choose inverter.com to buy your solar inverter benefit from the superior quality, best price and flexible delivery.
