1. **Magictec Warm Solar Spotlights - 2-in-1 LED Lights** Magictec solar spotlight is one of the best solar spot outdoor lights on the market. They come two in a pack and are affordable too. They give off a warm and inviting white light with just a hint of yellow and automatically turn on once the sun has set.

How does a solar spotlight work?

The stake deep into the ground so that the light stays still against the elements. In contrast to the conical shape that many other solar spotlights have, these lights are rectangular shape and contain six LED bulbs, at a 200 lumen output per light on the high setting.

What is a rectangular solar spotlight?

In contrast to the conical shape that many other solar spotlights have, these lights are rectangular shape and contain six LED bulbs, at a 200 lumen output per light on the high setting. I think this shape gives the lights more of a commercial appearance, rather than a residential appearance.
