

# Solar panel carbon fiber sheet manufacturer

## Overview

---

What types of carbon fiber products can we manufacture?

No matter the one you required is carbon fiber sheets, rods, tubes, or other parts, we can manufacture according to the grade and carbon fiber tow. Regular testing to ensure every carbon fiber product we deliver meets the highest standards of performance and durability.

Who makes sinofibre?

Established in 2010, Sinofibre is belong to Dezhou Sinoeco New Material Co., Ltd., which is a leading manufacturer of carbon fiber products.

What is carbon fiber used for?

Carbon fiber is a strong, lightweight, and corrosion-resistant material with excellent mechanical and electrical properties, making it for various applications in the energy sector. Carbon fiber has ability to reduce weight, enhance performance, and extend component lifespan, which make the automotive lighter, stronger, and more efficient.

Why should you choose Toray carbon fiber?

We prioritize Toray carbon fiber, to ensuring the strength and reliability of our products. No matter the one you required is carbon fiber sheets, rods, tubes, or other parts, we can manufacture according to the grade and carbon fiber tow.
