

Solar panel manufacturers recruit agents

Overview

Who is solar recruitment?

At Solar Recruitment, recruiting the right people for your business is our core purpose. As a boutique recruitment firm specializing in IT recruitment, Telecommunications recruitment, Finance and Administration recruitment; we have grown by providing high levels of service and integrity to both our clients and candidates.

Who are solar specialist staff?

From solar manufacturers and installers to storage facilities, our track record has seen us place specialist staff across the full value chain in the solar industry: Manufacturers, Developers, EPC Contractors, Utilities, Operators, Asset Managers, Investors and Consultancies.

Why do European EPC clients need a team of solar specialists?

Having won a major project in the UAE, our European EPC client urgently needed to recruit a large team of solar specialists to begin work on a solar power plant site as soon as possible. Our client is an independent power producer.

What does a solar farm technician do?

Solar farm technicians are the backbone of a successful solar park, offering critical support for creating, installing, and maintaining your solar panels. Keeping your solar panels operational and reliable requires professionals with the on-the-job experience and the right skillsets.
