

Swiss solar container communication station Inverter Battery Testing Agency

Overview

Who is sswiss Group AG?

SSwiss Group AG is an independent European company, represented in over 100 countries around the world, with headquarters in Zug, Switzerland. Our mission The future, as we see it, is a world of conquered elements and an unlimited amount of clean energy. Our goal is to bring it closer and to connect everyone to the source of this energy today.

Who are seetalsolar & younergy?

SeetalSolar joined Swiss Solar Group in early 2023 and is a true local hero, serving cantons Lucerne and Aargau. They are known for not just delivering great quality, but also doing so with a smile. Younergy joined Swiss Solar Group in 2023. An impressive team and the self-declared "customer obsession" make it a pleasure to work with Younergy.

What makes Swiss solar unique?

Swiss Solar products are based on innovative technologies: we produce only monocrystalline modules from 9BB to 16BB. Our strategy Swiss Solar strives to expand worldwide to provide customers with quick access to our services and products.

Why should you choose Swiss solar?

Swiss Solar strives to expand worldwide to provide customers with quick access to our services and products. We constantly increase investments in research and development of new products to offer customers only state-of-the-art solutions that will enable them to implement projects with the lowest LCOE. Our future

Swiss solar container communication station Inverter Battery Testin

Solar Inverter & PCS Testing Services

From factory audits to field validation, Intertek CEA ensures inverters and PCS systems meet technical standards and operate at peak efficiency.

VDE Renewables

VDE Renewables is a subsidiary of the VDE Group and ensures the safe and efficient integration of renewable energies, such as solar systems and battery storage, into the power grid. Our ...

About Us - Swiss Solar

Apr 7, 2025 · The strategic vision and ambitions of our international Swiss Solar team give us confidence in achieving our goals, and continuous monitoring of performance and adjusting ...

Home , Swiss Solar Group

We are a group of companies that drive Switzerland's energy transition with innovative, cost-effective solutions. We combine expertise and technology to help businesses and ...

VDE Renewables

VDE Renewables is a subsidiary of the VDE Group and ensures the safe and efficient integration of renewable energies, such as solar systems and ...

Battery and Storage Systems Laboratory , BFH

6 days ago · Analysis of the storage of electrical energy in electrochemical storages Testing and characterizing battery cells and modules Development of battery systems / battery ...

Solar Service - Inverters, Storage, Charging Stations , Solavice

Dec 1, 2025 · Solavice - Your partner for solar inverters, storage, and charging stations. Repair, maintenance, replacement - reliable throughout Switzerland!

Battery and Accumulators , SGS Switzerland

SGS battery testing services can identify your target market regulations for cells, batteries and modules to ensure compliance with contractual or regulatory requirements.

Testing and certification of battery storage ...

2 days ago · With a comprehensive service portfolio of consulting services as well as testing and inspection, we support battery manufacturers ...

Testing and certification of battery storage systems and their

2 days ago · With a comprehensive service portfolio of consulting services as well as testing and inspection, we support battery manufacturers throughout the entire manufacturing process - ...

Battery Energy Storage System and (PV) ...

Battery Energy Storage System and (PV) inverter testing Evaluation of full systems or components regarding performance, safety, durability and grid ...

Inverter Testing and Evaluation for UL 1741

Comprehensive Inverter Testing, Evaluation and Certification services for solar and grid supported inverters to UL 1741.

Battery Energy Storage System and (PV) inverter testing

Battery Energy Storage System and (PV) inverter testing Evaluation of full systems or components regarding performance, safety, durability and grid integration with high power, ...
