Tanzania New Energy Storage Project

Overview

Will Tanga LPG terminal be Tanzania's largest liquefied petroleum gas facility?

The terminal is set to become the country's largest liquefied petroleum gas (LPG) facility, aiming to boost clean cooking access, create jobs, and serve as a regional energy hub. On 5th June 2025, Tanzania's Deputy Prime Minister and Minister for Energy, Dr. Doto Biteko, launched the construction of the USD 100 million Tanga LPG Terminal project.

What is the energy sector like in Tanzania?

The Energy sector in Tanzania began decades ago, laying a foundation for what has now become a robust and transformative sector.

Will Tanzania's Oil & Gas project revolutionize East Africa's energy sector?

On his part, the CEO of the Tanzania Oil and Gas Association (TOAG), Abdulsamad Abdulrahim, noted that the project will help revolutionize East Africa's energy sector and reduce the reliance on unclean fuels. "This is an opportunity for local investors to demonstrate their capabilities, and they are ready to work.

What is Tanga LPG terminal project?

Tanzania launches construction of USD 100 Million Tanga LPG Terminal Project with a capacity of 40,000 cubic meters. The terminal is set to become the country's largest liquefied petroleum gas (LPG) facility, aiming to boost clean cooking access, create jobs, and serve as a regional energy hub.
