

Terrace solar glass

Overview

Who is Terrace glass?

Terrace Glass Pty Ltd is a small, family owned business located in Chisholm NSW that has been providing exceptional glass services to the Maitland and Port Stephens areas for over 30 years. We're a husband and wife team. Brendan, our qualified glazier and boss man (or so he thinks!) is the man on the ground.

What characterizes solar glass?

Solar glass - also called photovoltaic glass - is a special glass which - in comparison to normal window glass - allows for a 10% higher transmission due to lower iron contents; hence the energy input for the solar application will be increased.

Which buildings can benefit from Photovoltaic Glass Solutions?

Buildings such as corporate offices, hotels, skyscrapers, airports, railway stations, government buildings, museums, and even historic buildings can benefit from our photovoltaic glass solutions. Dubai Frame.

Why is tempered glass important for solar applications?

Apart from the low iron content - which leads to an improved permeability of the energetic radiation - the characteristic tempering process is crucial for solar applications. Due to the thermal pre-stressing process, solar glass is given a better mechanical stability.

Terrace solar glass

Glass terrace photovoltaic panels

solar glass and photovoltaic windows. Selective Absorption of UV and The glass solar tiles and steel roofing tiles look great up close and from the street, complementing your home's natural ...
